However, not all campers will be on the team. JV and newcomers will be evaluated first (May 26th before making the team). There may be opportunities throughout the month for a younger or less experienced player to make the team due to players missing games for vacation.

Cost \$80. All Varsity and preapproved JV and younger players must have checks in for Camp and League by **May 12th**. Some players may make the team after camp on May 26th.

NOTE from COACH: The League is very relaxed with 8 H.S. Varsity teams. I understand some players will miss some camp time and games due to Summer Vacations. That's Ok, as I carry 15 on the

team and possible subs if needed. I wanted to keep the girls playing and having fun while improving at an affordable cost.
